

Do you live in the village of Mellor Lancashire or nearby, ideally within a 10 mile radius?

Are you interested in being part of a team delivering high quality care and support which is totally centred around the individual you are supporting?

JOB VACANCIES

An amazing opportunity for the right candidates with experience of providing high quality care.

My Life is looking to develop a small team of experienced carers to provide high quality support to an older couple in their own home.

The support is essential for them both to live a quality of life and continue to live together as a married couple in their own home, whilst continuing to do things separately.

What we are offering:

- excellent terms and conditions;
- ongoing training, support and supervision, including input from a Registered General Nurse;
- an investment in your continual professional development;
- full-time or part-time hours; and

- flexible rotas that suit you and the people you are supporting.

This opportunity is part of the **Personal Health Budget Programme** which is a working partnership with NHS England, East Lancashire CCG, Calico and My Life.

To find out more, including how to apply, phone **01942 233422** or email **p2e@my-life.org.uk**
